You ok Ash,

It's glowing, it's magic. Where did you come from

Have you seen the news, the UFO?

Max, Kizzie
BURRRP!!!

LOL!
BURRRP!!!

A close-up shot of two hands holding a small, crumpled map over a yellow surface. The map is colorful with green, blue, and yellow areas. A speech bubble is positioned to the right of the map.

Look, i found this map, it fell out of an old comic

I think its
linked to the
UFO

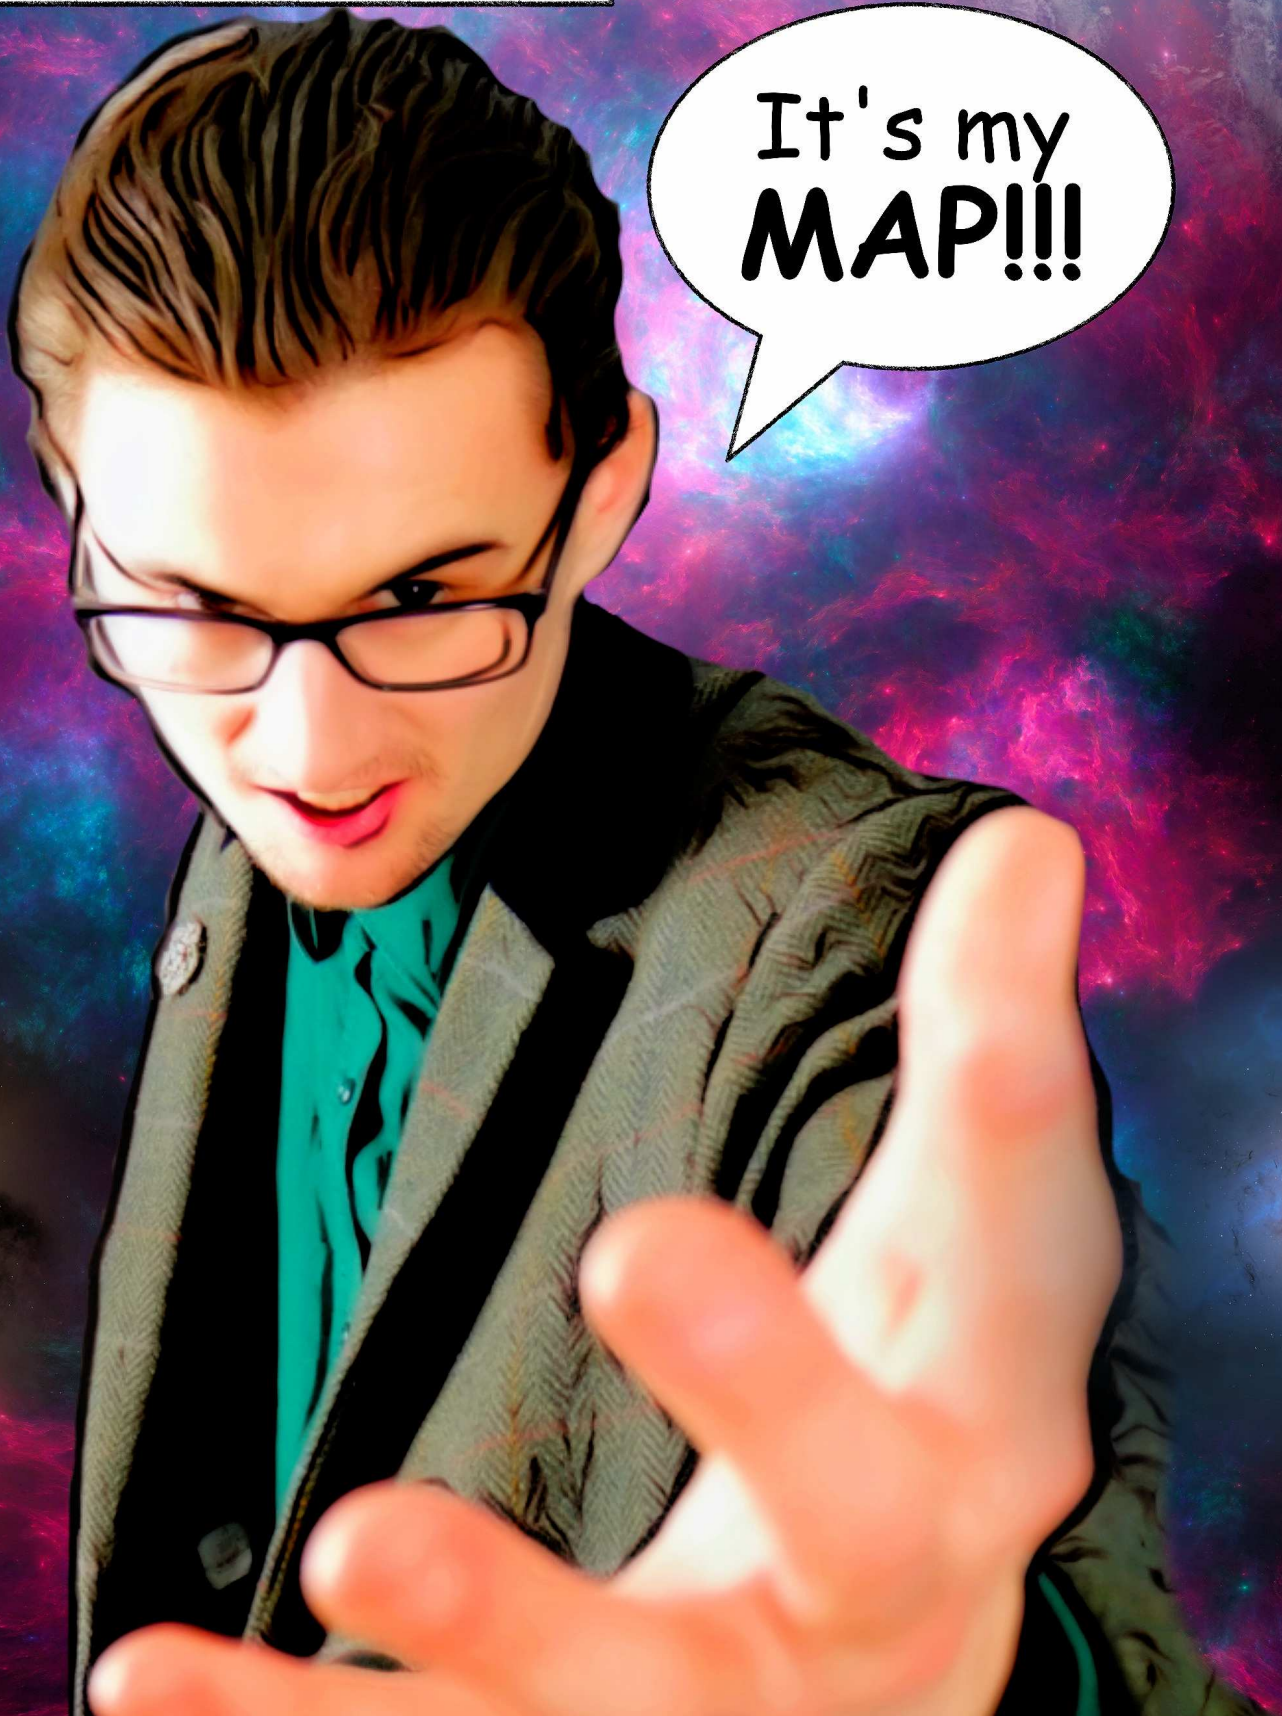

A portrait of a young woman with long, curly brown hair, wearing pink-rimmed glasses, a white collared shirt, a blue and yellow striped tie, and a black vest. She is smiling broadly. A speech bubble is positioned to her right.

Can we go,
are there
UNICORNS

My name is Dr Wallace East, a dark side is coming

I've been watching you all

It's my
MAP!!!

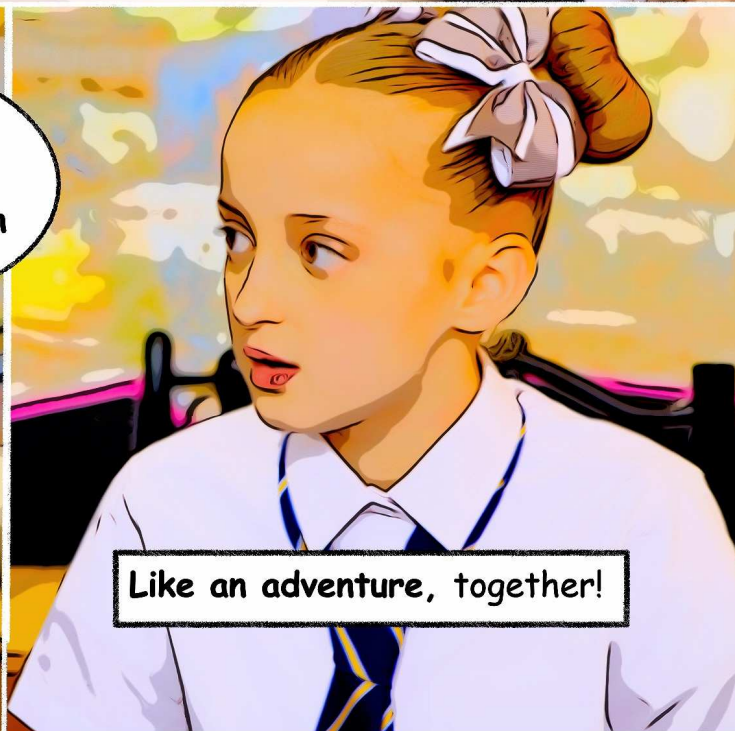

Lets's go find it, it's calling us

Yay, dragon's and stuff!

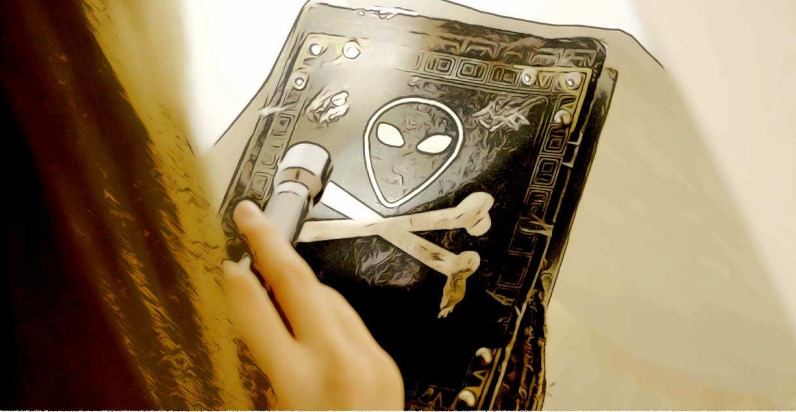

I'm in,
lets do this,
tell us more Ash

Like an adventure, together!

Can i bring
Tiddles

A map, where did you come from

The other half, It's still out there

We're coming for you

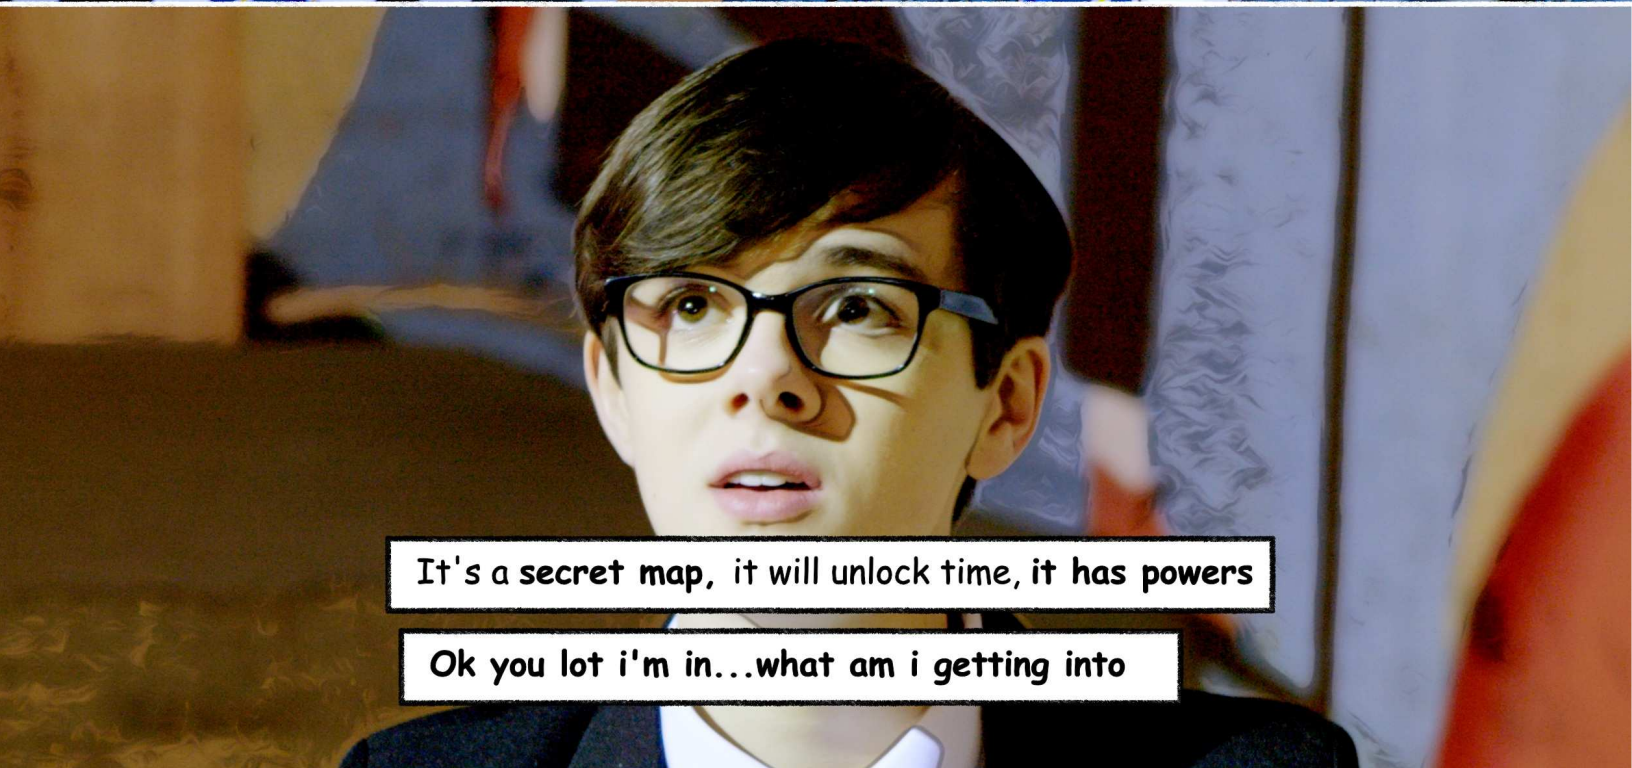

Help us

UFO

But we may never return

I see,

It's a secret map, it will unlock time, it has powers

Ok you lot i'm in...what am i getting into

Everyone ok, Nick, Max, Kizzie

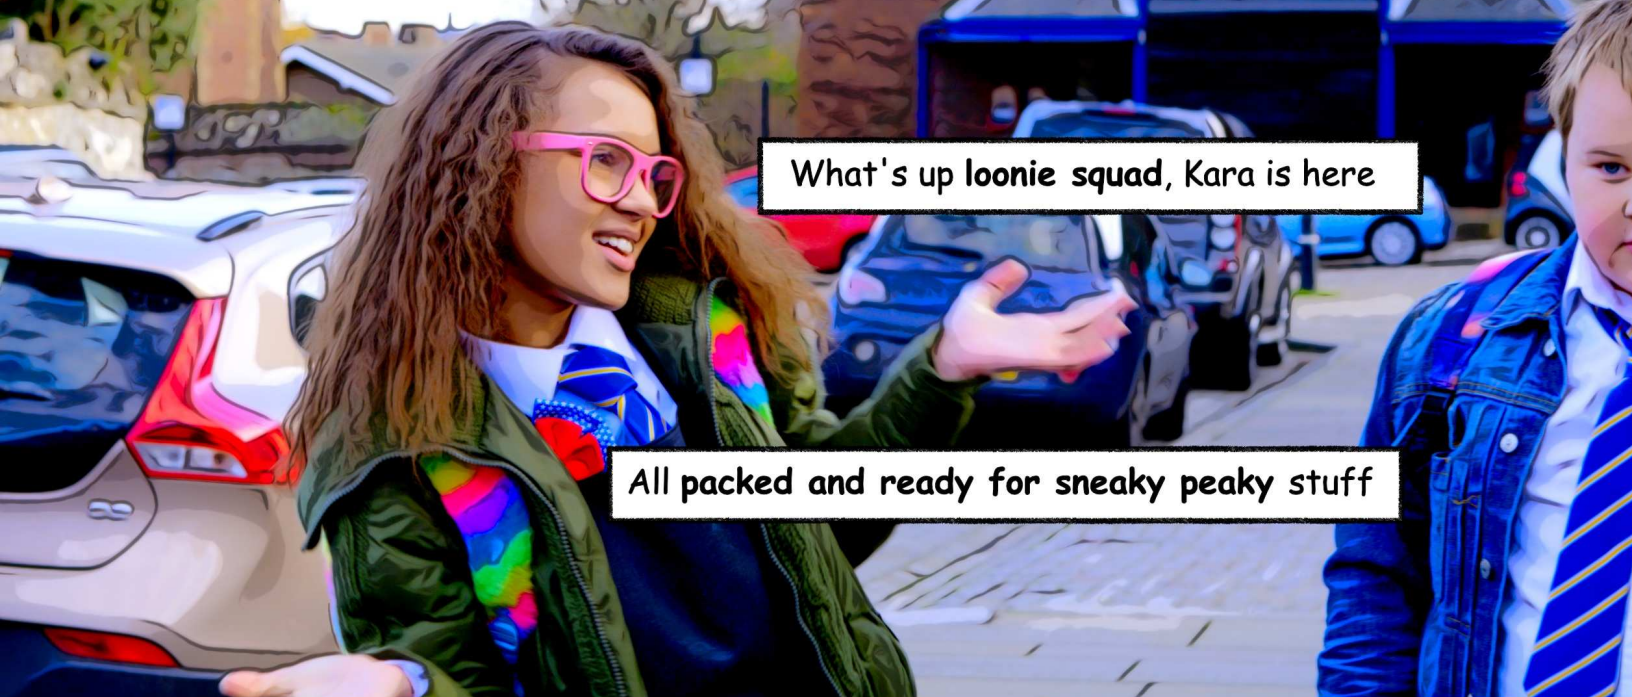

Look, it's Cub, he made it

We will be back late, things go bump in the night Cub!

I best be back
for supper,
i need to feed
my cat too. I love you
Tiddles

What's up loonie squad, Kara is here

All packed and ready for sneaky peaky stuff

What on earth is going on Ash

Nick, it's adventure time, right Ash. Yeh Kizzie, this way squad

So the adventure begins, we will trust in the map

Wherever we go, whatever comes our way

We will be ready, together through space and time

We are The Luna Squad, we got this!

Do you think there will be Green aliens

It'll be dark soon and it's pizza night

Tag you're it, no way you're it. Let's find this UFO

Are we there yet...NO CUB!

Come on squad, it's this way, the map is glowing again

I'm coming for you

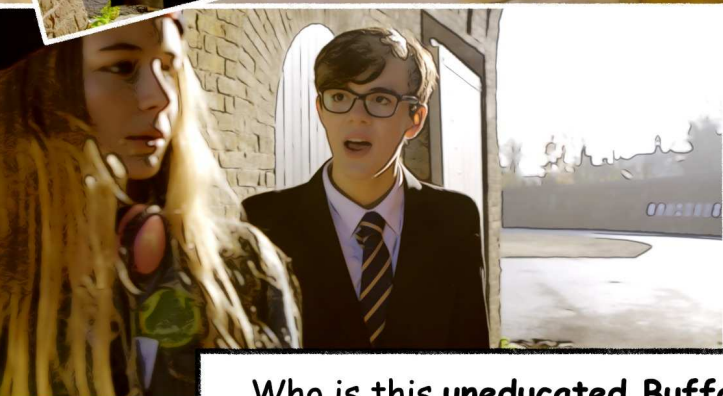

I think it's this way, let's stick together
